The Department of Safety and Inspections (DSI) is assessing its program to create safe places for building occupants, responders and property owners and ensure that services are equitably distributed across the City. You are invited to hear a short presentation about the City's program and then give your input on how to:

- Ensure that inspections are occurring in all areas of the city and that there are no gaps in communities of color
- Ensure safe and habitable housing for all building occupants throughout the City
- Improve communication and involvement with communities in Fire Inspection services
- Increase opportunities for community members to learn about fire safety
- Decrease the number of fires in communities
- Ensure racial equity in delivery of City services
